# AI Technology

**Mehmet Halit Ekici**

*Scientific advisor: Ph.D. associated professor*

*Fakhertdinova D.I.*

What is AI ?

---

A hand holding a prosthetic arm against a background of a globe and data charts. The prosthetic is silver and black, with a red label that says "PROTIC". The background features a blue and white globe, a line graph, and a bar chart. The text "Benefits of artificial intelligence to humanity" is overlaid in white, with a white underline under the word "artificial".

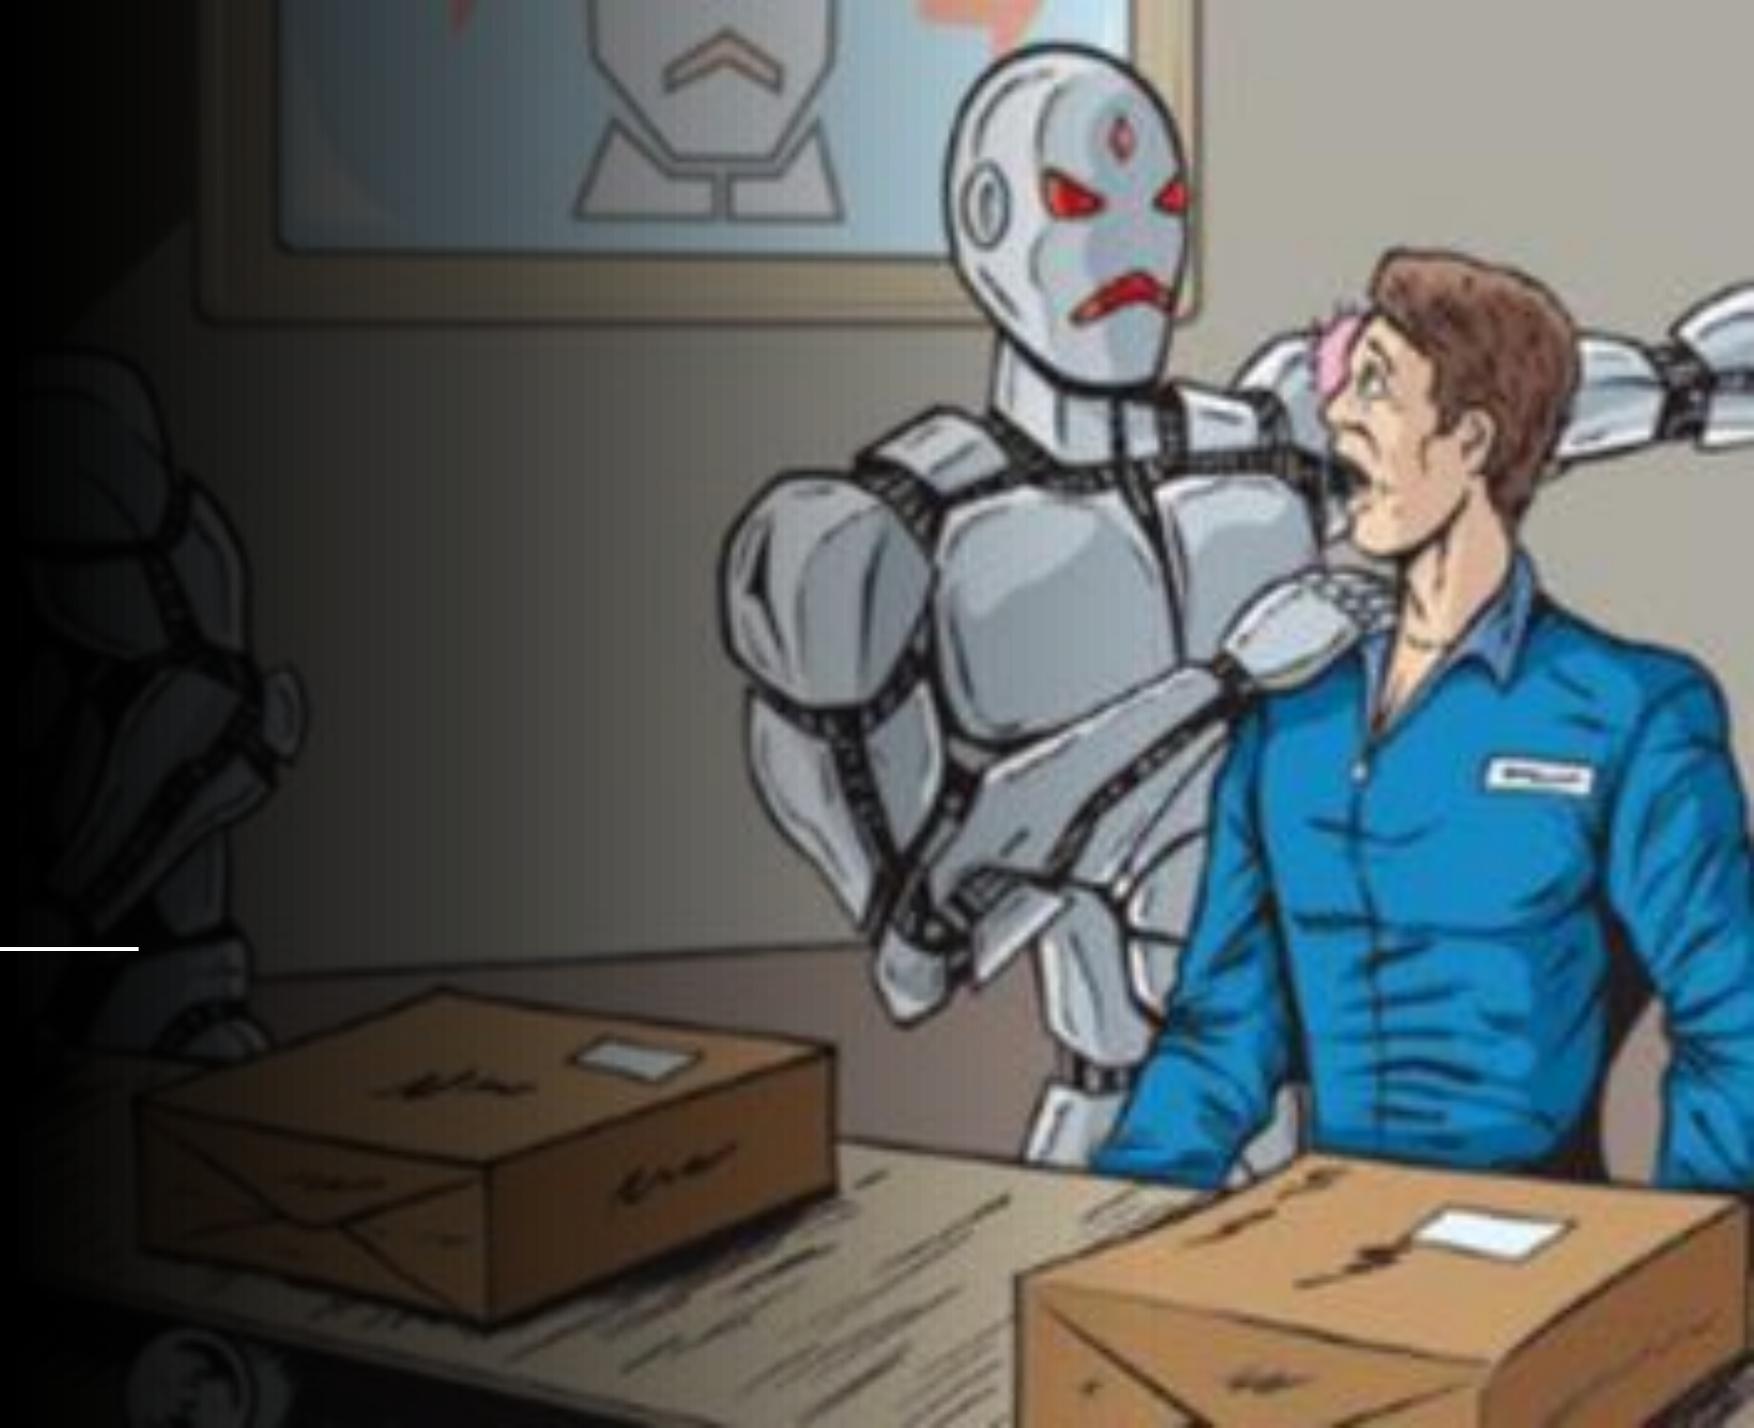

# Benefits of artificial intelligence to humanity

---

# Harms of artificial intelligence

---

What is the  
different  
between  
human brain  
and AI brain

What can you do with AI

AI is in  
everywhere

Thank you for listening  
to me

- Mehmet Halit Ekici
